TECHNICAL SPECIFICATIONS

SIZE

2440mm x 1220mm

AVAILABLE THICKNESS

1.2 mm

SPECIAL FEATURES

90° BENDABLE

No need to cut & join peices during fabrication, Silken allows easy & quick application.

RESOLUTE PRODUCT

The most creative & durable product with incomparable physical properties - termite proof, moisture resistant, fire retardant, etc.

COST EFFECTIVE

Get divine marble finish or a rustic metallic look without draining your pocket.

COMPLIMENTARY PRODUCT

With an exquisite finish, it is an ideal product to complement other building materials in your space.

APPLICATIONS

Silken is a complete interior solution for residential and commercial areas - homes, offices, buildings, hotels, hospitals, spas, etc. It is a smart and luxurious solution for redefining your space!

TIPS - Instead of edge - branding during fabrication. Use of the same Silken laminate sheet through out to get a homogenous look. A 90 degree bend can be achieved by creating a groove with a standard wood cutting knife leaving at least half of the skin untouched and then bending it. Standard wood - working tools & machinery can be used to work with laminates. Cut it! Saw it! Nail it! Screw it! Drill it! Mould it! Rout it! etcetera.

WPC DOORS PVC and WPC Foam Boards

Length

72", 75", 78", 81", 84"

ISO 9001:2015 14001:2015

What is Lead Free?

Lead Free means it doesn't contain lead. Lead is a heavy metal with atomic number 82. If ingested, lead is poisonous to animal, including humans. It damages the nervous system and causes brain disorders. Excessive lead also causes blood disorders in mammals.

Benefits of Lead Free Products

- An alloy of copper and zinc with lead content of 2-8%.
- Even modern brass alloys such as DZR Brass (Dezincification resistant).
- Excellent resistance to calcium buildup means more time to do what you really want and less time you need to spend on cleaning chores.
- Damp cloth with mild soap will take care of most cleaning need.
- Advanced polymers we can use can be easily recycled via known and available techniques.
